FURTHER REGULATIONS
PCNSW 2020 Night MOTORKHANA
Motorsport Australia Permit: 220/1306/01

Chapter 1 Specific Event Regulations

1.1 Status

Will be a Club Non-Speed Event.

1.2 Organising Committee

Tim Bickford, Phillip Thornburrow, Aldo Raadik, Jean Cook

1.3 Event Staff

Secretary of the Event: Aldo Raadik

COVID Checker: Kim Hunter

1.4 Minimum Age

Further to Supplementary Regulation Item 24, the minimum age for the competition is twelve (12) years of age.

Chapter 2 Sporting Regulations

2.1 Re-Runs

Re-runs will be at the sole discretion of the Clerk of the Course.

2.2 Driver Briefing

Driver briefing will be emailed prior to the event with a return acknowledgement of the contents to be returned prior to commencement of the event

2.3 Passengers

Passenger rides will be allowed provided both car occupants are from the same family, and are all registered as competitors. No Spectators are allowed at the event

Chapter 3 Specific Venue Information

3.1 Entry to Sydney Motor Sport Park

3.1.1 By entering this Event you agree to comply with the COVID-19 restrictions imposed by the ARDC.

3.1.2 The competition must conclude by 10.00pm

3.1.3 Gate A entry gates will close at 10.30hrs.

3.2 Precinct Restrictions

3.2.1 Arrival and Departure

Screening at Gate A

For all track activities on site, attendees will be screened at Gate A upon arrival. The screening process is to ensure no one with any symptom or prior indicated exposure or identified risk factor(s) are allowed on site. Screening will be conducted initially by our rostered gate staff, and overseen by our medical provider, Ambulance Services Australia (ASA).

IMPORTANT: What happens if our medical provider ASA, screens a person upon entry who they identify as being “at risk”

- That person will be denied entry and turned away. The ARDC have authorised ASA to have the final decision as to who is or isn't allowed on site during COVID restricted entry.
- We will communicate immediately to the person or provider to whom they were attending to the fact that a person or persons have been denied entry. The person or provider can then make arrangements with any denied person.

To avoid any unnecessary confrontation or confusion at the main gate by ASA or other authorised staff we ask that all hirers/providers fully inform their clients of this protocol.

Recording details

The ARDC will also be recording contact details of all arriving on site if unavailable via the client. If available, we will use this list to qualify those allowed on site.

Contact details recorded by the ARDC may include names, numbers and email addresses.

End of activity

Clients should depart the venue / activity as soon as possible. Activities should not encourage participants to linger.

3.2.2 General Infrastructure

Sanitizer

ARDC has positioned hand sanitizer in identified paddock areas and in known high use spaces or walkways. Units are provided in the following locations;

- ARDC Administration Office
- ARDC Garage Café
- Paddock Café (North Paddock)
- Amaroo Suite (South Paddock)
- Amaroo South Circuit Café
- Amaroo South Circuit Race Control
- Suite 4, 10
- Hinxman Room
- Main Race Control
- Gate A
- Skid Pan
- Green shed office

Cleaning

Event pre and post cleaning of all surfaces is organized via our COVID-19 accredited cleaning provider COGS. Cleaners will be rostered and on-site for all activities.

Where clients choose to make use of more than 1 of the identified paddock areas, additional cleaners may be required to ensure surfaces are kept clean.

The ARDC reserves the right to indicate the required number of staff as appropriate for any activity, and to pass on any additional costs to the provider/hirer.

Room signs and examples of distancing

The ARDC have installed signs in each confined area, indicating the maximum number allowed (see prior table above) at any given time. These signs must remain visible at all times and must not be removed.

Examples of 2m spacing's have also been marked on the ground and similarly must not be removed or where possible covered.

Equipment

Care should be taken around any equipment used for your event, and you should work to remove the need to share any equipment with your staff or participants.

If equipment needs to be shared, it will need to be cleaned prior to each individual handing it onward. Steering wheels, seatbelts, radios, extinguishers, flags, switches at flag points, etc, will all need to be cleaned.

We also require you to refrain from renting clothing, closed helmets, or any other equipment that participants would otherwise share during the day. We will consider exceptions on a case by case basis only after being comfortable with your intended procedure.

3.2.3 Responsibility

From the 23 March 2020, on the spot fines are in place across NSW for anyone found to be breaking self-isolation and the social distancing rules (\$1000 for individuals and \$5000 for business). Given the profile of our facility it is very likely that a random inspection will take place. We want your event or activity to be successful, so we will work with you to ensure as best we can that it meets the current guidelines. But a reminder that you are responsible for your planned activities **and we will not accept any responsibility for any imposed fines.**

Please consider this is also our most recent summary or what has been announced, and as the situation is changing quickly it is also your responsibility to keep abreast of all changes.
