

Porsche Club of South Australia

Dear Porsche Club Members

On behalf of the Committee I would like to wish you and your family the best of health and to say how important it will be to remain positive and connected in a time and space none of us have experienced before. I cannot express how important it will be for all of us to remain strong and look after those who we care for and love. Your committee has not stopped working for the Club and the Porsche Family and while face to face committee meetings are not going to occur for the immediate future, we will still be operating to ensure the best outcome for you, the members, when we have come through these extraordinary events, which are guiding and changing our daily way of life almost hour by hour.

At this point I would like to make special mention to our front line health professionals who are doing such an amazing job day to day and have first-hand experience of the consequences of this Virus.

Please take care of yourselves and your loved ones with the knowledge of the special bond the Porsche Family has, and reach out if anyone needs anything. We are all in this together.

We hope to continue with updates on the website and do not forget to keep in touch through our Facebook page.

Stay safe, take care and be strong.

Kind Regards

Vic Moore and your Committee
